1-) My name is Sarra Oualha 23 years old. Recently graduated from the Tunisian Institute of Fine Arts as a Graphic Designer. I am currently taking a Full Stack JS developer training at GOMYCODE to strengthen my capacities and knowledge.

2-) I am autonomous and passionate about research to solve problems but also to acquire new skills. I am very open, I adapt quickly and I can work very well under pressure.

3-) I have been assigned several times to positions of responsibility and I had to fulfill my mission successfully.

4-) I graduated with a Baccalaureate in exprimental Science after that I got my Bachelor Degree in Graphic Designe at the Tunisian Institute of Fine Arts then I registered to the Full Stack JS Developer training at GOMYCODE to strengthen my knowledge .

5-) I'm too helpful and it often causes me to delay my work. I focus too much on the details, it's exhausting but it's part of doing my job well and to have better Designs. Sometimes I get too involved in work and it affects my work-life balance.
